Site :  
www.ekium.eu

Total employees : 600

2008 Turnover : 46 M€

Certifications :

- MASE/UIC
- ISO 9001 V2000
- International & French

Quality Standards :  
RCC - ASME - KTA

## ACTIVITIES

### Engineering, Integration & Technical Support in the fields of Control, Electricity, Piping and General Installation for Nuclear Facilities :

- Nuclear Power Plants
- Enrichment Plant
- Research reactors
- Civil Work Guide Drawings
- Materials Specifications
- Piping : PID – Isometric – Supporting
- Instrumentation
- Safety and Communication Systems
- Tracability and MES (Manufacturing Execution System)
- LV and HV Electricity
- Equipment for Regulation, Measurement & Analysis
- Automation (P.L.C.)
- Industrial Area Network...
- D.C.S. (Digital Control Systems)
- Supervision - SNCC
- Industrial Data Processing
- Robotized Laboratory Systems
- Inventory and Warehouse Management

### Project Phases :

- Feasibility Study
- General Design
- Detailed Design
- Coding
- Tests
- F.A.T.

### SOME PROJECTS :

OLKILUOTO EPR Nuclear Power Plant (Finland)

FLAMANVILLE EPR Nuclear Power Plant (France)

GEORGES BESSE 2 (France)

QINSHAN (China)

FESSENHEIM (France)

LUNGMEN Nuclear Power Plant (Taiwan)

KUDANKULAM Nuclear Power Plant (India)
